Dr. Evelyn Blose Holman
Superintendent of Schools
Bay Shore School District
75 Perkal Street
Bay Shore, NY 11706

Dear Superintendent Holman:

I am writing to bring to your attention the existence of the *"Rudy The Red Fox" SMART Program*, which trains students in abduction awareness and resistance tactics. In addition to providing schools with a comprehensive training program, it also provides "state of the art" digital imaging identification packets for parents to use in case of an emergency.

Last year I referred this program to a public school district and two private schools located in my Senate District, all of which found the program to be extremely worthwhile. Therefore, I am sending you the enclosed packet of information which describes the program in detail. If you feel this is a program that your district might be interested in, please contact Paul Brower at the New York State Correctional Officers & Police Benevolent Association, Inc. at (518) 427-1551 to schedule the program within your school district.

With best personal regards, I remain

Very truly yours,

Owen H. Johnson
Vice President Pro Tempore
