Officer Tom Anderson
NYS Correctional Officers & Police
Benevolent Association, Inc.
194 Washington Avenue
Albany, NY 12210

Dear Officer Anderson:

Your gift makes a BIG difference for a whole lot of little patients. On behalf of the 54,000 children we serve at Fletcher Allen Health Care, we thank you for NYS Correctional Officers & Police Benevolent Association's gift of \$1,000.00 to the Children's Miracle Network Biking For Miracles. Your generosity to the Children's Miracle Network will help Vermont Children's Hospital expand and renovate the Neonatal Intensive Care Unit, supply educational materials, equipment and furnishings to more areas of the medical center that serve children, and provide throughout the hospital, the very finest child-friendly and family-centered care.

Up on the seventh floor at Vermont Children's Hospital is a very special place where lights are low and tiny newborn lives are saved. During the coming year, your support will play a vital role in the expansion and improvement of this special place, the Neonatal Intensive Care Unit. Also, Children's Miracle Network dollars will be used to provide educational materials, equipment, supplies and furnishings to areas of the hospital where children are served.

This is truly a partnership with the community. Children's Miracle Network makes a difference. We thank you for your gift to the 2003 Children's Miracle Network Appeal.

Sincerely,

Manon O'Connor
Children's Miracle Network Director

Please retain this letter for your tax records. Fletcher Allen Health Care did not provide you with any goods or services in exchange for your gift.

Have you considered including Fletcher Allen Health Care in your will?
