Dear Friend of CF:

We would like to thank you for your outstanding efforts. This year the Great Strides walk was overwhelmingly successful because of the generosity and commitment that is shown year after year by our many sponsors, volunteers, friends and businesses who annually contribute.

Our CF patients and their families are faced with many challenges. Year after year your contributions have enabled the Cystic Fibrosis Foundation to find new and better treatments for this terrible disease. Sadly, we still have not found a cure, but are certainly much closer to this goal than ever before. Most certainly, your contributions have supported the necessary research to continue.

On behalf of the many CF patients and their families, thank you for making the difference, enabling our children and adults with CF to lead more productive and healthier lives.

Warmest regards,

*Mary Gordon*
